

## **Table Tennis Club Report to 2024 Walberswick APM**

This has been a good year for Walberswick Table Tennis Club. Membership has steadily increased with 26 regular players and attendance is buoyant to the point where a third table is continuing to be the most requested requirement from Members to allow more play and to reduce waiting times.

Meeting on Tuesdays throughout the year, with Playlists to raise the vibe, 2 annual competitions have been established fostering a friendly competitive spirit and a keen desire to win!

Our local Postie, Stuart - a League Champion in Norfolk - has been along to offer some top tips for improvement.

We hope to challenge other villages in tournaments again this year and to continue our social get-togethers.
