of the Playing Fields round to the Toddler Play Area. The details were confirmed in the published paper. The outstanding works for the Playing Field and Toddlers Play Area and funding mechanisms were identified as follows:

Fencing phase 2: £3,800 (exc. VAT), to take £1,000 from Playground/Green budget and £1,000 from Playing Field Reserve and balance from general reserves.

204/23-24 Consideration of installation of people counters around Manor Field on Public Rights of Ways

Cllr. Bassinette was not present but had sent a statement summarised below.

"Cllr Bassinette is working closely with Walberswick Against Lion Link (WALL) which as a group is very active and widely representative of the village on approaches to Lion Link. One idea that was suggested to WALL by Councillor Bassinette (and agreed with them) was to have foot traffic counters on the paths around Manor Field to demonstrate to the Planning Inspectorate and NGV how heavily used that location is within our village. This suggestion was based heavily on the usefulness of the data that WCLC had collected on the footpaths to the Bailey Bridge which was instrumental in getting SCC to invest in the bridge renovation as it showed that in excess of 100,000 foot trips made all year round.

What is being asked by Councillors tonight is agreement in principle that the Parish Council be the "sponsor" of this data collection so that we can submit it formally as a statutory consultee at the appropriate time. Cllr Bassinette will work with WALL on the locations, getting any necessary permissions from landowners and the like.

WALL's fundraising will provide the financing and also support the effort with manpower, data collection and processing.

If there are any financial implications for the Parish Council, Cllr Bassinette will bring a new proposal for Councillors consideration. But the expectation is that WALL's funds already collected will cover the costs."

Cllr Bassinette will provide further updates as needed at the May and June Parish Council meetings.

It was **AGREED** to support this activity with the assurance that there would be no cost of funding from the Parish Council and the data obtained would not be personal data as it would not identify any individual. All in favour.
