

Planning Advisory Group: Report to Walberswick Parish Council  
Suffolk Coastal Local Plan - Final Draft Plan (January 2019)

03.02.2019

Following further consultation last year, Suffolk Coastal District Council has now published the Final Draft Local Plan for comment.

As before, a major focus of the plan relates to housing provision within the District over the period 2016-2036. In respect of Walberswick the final draft makes no change to the previous policy framework.
