

Planning Advisory Group: Report to Walberswick Parish Council

Planning Application ref DC/20/0551/AME

Amendment to Application ref DC/19/4490/FUL for a change of use to extend the residential curtilage of Westons The Street and to change the direction of the roof pitch of one chalet

1 Comment

The application was validated on the 10 February and approved on the 13 February, leaving no time for consultation. The consent which has been granted applies to the changed direction of one roof pitch only: it specifically excludes the proposed enlargement of the curtilage to encompass all the open space behind Anchorlea, Thorpe View, The Stables and to the west of Westons and does not permit a change of use of this land.

2 Opinion

The Planning Advisory Group has no objection to the change in direction of one chalet roof pitches. We welcome the decision not to allow further enlargement of the curtilage or a change of use.
